A Declaration by the Representitives of the united States of America

In General Congress Assembled - - - - - - - -

When the Course of Human Events it Becomes Necessary for one People
to Dissolve the Political Bonds which Have Connected them with another
and to Assume among the Powers of the Earth the Separate and Equal
Station to which the Laws of Nature and of Natures God Entitle them a
Decent Respect to the Opinion of mankind Requires that Should Declare
the Cause which impell them to the Separation We Hold these thuths [truths] to be
Self-Evident that all men are Created Equal that they are Endowed by
their Creator with Certain unalienable Rights that among those are
Life Liberty and the Pursuite of Happiness – that to Secure those Rights
governments are Instituted among men Drawing their Just Powers from
the Consent of the Governed and when Ever any form of Government Becomes
Destructive of these Ends it is the Right of the People to alter or to abolish
it and to institute new Government Laying its foundation Such Principles and
organizing to Powers in Such form as to them Shall Seem most Likely to Effec
their Safty [safety] and Happiness Prudence indeed will Dictate that Governments
Long Established Should not be Changed for Light and Transient Cause and
and accordingly all Experience Hath Shown that mankind are more Disposed
to Suffer while Evils are Sufferable then to Right themselves by abolishing
the forms to which they are accustomed but when a Long Train of Abuse and
[illegible] Pursuing invariably the Same Object evinces a Design to Reduce
them under absolute [illegible] it is their Right it is their Duty to throw of[f] Such
government and to Provide new gards for their futer [future] Security Such has been the
Patient Suffinnce[sufferance?] of these Colonies and Such is now the Necessity which
Constrains them to alter their former System of government the History of

his Measures
He has Dissolved Representative Houses Repeatedly for opposing with [illegible]
his Invasions on the Rights of the People. He has Refused for a long time
after Dissolution to Cause others to be Elected whereby the Legislative Powers
Incapable of annihilation have Returned to the People at Large for their

of Invasion [invasion] from without and Convulsions within
He Has Endeavoured to Prevent the Population of these States for that Purpose
Obstructing the Laws for Naturalisation of foreigners Refusing to Pass others

He Has Obstructed the administration of Justice by Refusing his Assent
to Laws for Establishing Judiciary Powers
He has made Judges Dependant on his will alone for the Tenure [?] of their

He has Erected a Multitude of New offices and Sent hither Swarms of officers
to Harrass our People and Eat out their Substance
He has Kept among us in times of Peace Standing armies without
the Consent of our Legislators

Marshall Shedd  Answer

To the Church and Society in Acton, Christian Brethren and friends
The invitation you presented me to Settle among you in the Ministry
occupied that thought and consultation which have produced a
Satisfactory disision, and though the arduos Duties and momentous
Consequences of the ministry excite the deepest anxiety, still [illegible] relying
on the on the candor and affection of a respectable people and the
mercy and grace of the Great Head of the Church, young
Clergymen may go forward with the hope of usefulness
Many are the circumstances which contributed to render the
prospect of a young minister pleasant. It is desirable
that his lot fall in a section of the Country where the
manners and sentiments of the people are familiar to him
and especially with a people who are at peace among themselves
and cherish a high regard for the order and institutions of the
Gospel. These two considerations have had no small influence
in desiding the nature of my answer. The proximity of this
town to the place of my birth and early association is quite
congenial to my feelings. And the fraternal [illegible]
which for past generations has been attached
to the character of this Town; together with the
respectful and affectionate attention manifested towards
your late Pastor, have produced in me a presentiment
in your favor; and this presentiment has been abund-
antly strengthened by my own happy experience
since my first introduction to the place; I have
received every desirable attention in my personal, [illegible]
labors and those united and generous measures, connected with
my invitation for settlement excite in me such a sense of
duty and gratitude that I dare not go counter to the
clear intimations of Providence  Possessing ample evidence
of great harmony in my election and a ready mind, according
to your ability for my support, I do now
Now, publicly, accept the invitation of this Church and Society to become your Pastor and to settle with you in the Gospel Ministry, not douting but the same kindness which has been shown me in this Springtime of our acquaintance will, unless wickedly forfeited, still attend me in the autumn and winter of my ministerial life. And may God in mercy ratify the connection that may be formed, and stamped it with the Seal of Heaven
