### **Search for Content**

- Titles are streaming, not downloadable, and require a constant Wi-Fi/Internet connection in order to view them.
  - Streaming video may consume a lot of data. We recommend using a Wi-Fi connection when streaming on your mobile device to avoid data overages.
- Browse Kanopy's homepage for featured titles, or click on "Browse" at the top of the page to browse by subject (in the mobile app, click on the Browse icon along the bottom edge of the screen).
- To search for movies, click on the search bar at the top of the webpage or tap on the Search icon along the bottom edge of the mobile app.
